

Big Bertha Is Shaking Up The Industry.

This remarkable made-in-America dump body vibrator makes dumping faster, easier, cheaper, cleaner and safer. No more time and money spent shoveling loads out — just let Big Bertha do the work.

You'll see such a dramatic increase in the number of loads you can dump in a day; Big Bertha will pay for itself in no time at all. It's no wonder that haulers all over the country are calling Big Bertha "the best in the business."

Here's What You Get

- Design and Construction guaranteed to stand up to even the most punishing use. The unit is totally protected against road dirt, salt and sand.
- A complete, clean unload every single time at a lower angle, so tip-overs are a lot less likely.
- 3500 lbs. of power to release even stubborn loads.
- The best warranty in the business covers you for a full year and a half — up to three times longer than the industry standard!*
- Oversized bearings for a long life.
- An even, steady flow so spreading is done while dumping, reducing manpower and machine time.
- One simple button in the cab to activate the vibrator — or a remote switch for operating it outside the cab.
- Complete Installation Kit with everything you need to install Big Bertha — including wiring. Installation is quick and easy, all it takes is one person.
- Some restrictions apply, but not many! See your VIBCO representative for warranty details.

Here's What You Don't Get

- Tailgate Banging
- Brake Slamming
- Costly Repairs on Clutches
- Wear and Tear on Transmissions
- Hoist Damage
- Build-up of Wet Materials
- Costly Flip-Overs
